

PRODUCTION ANALYTICAL SYSTEM

Admin----→user id=admin

Password=a123

Supervisor-→user id=dash001

Password=456

Production Manager--→user id=dash011

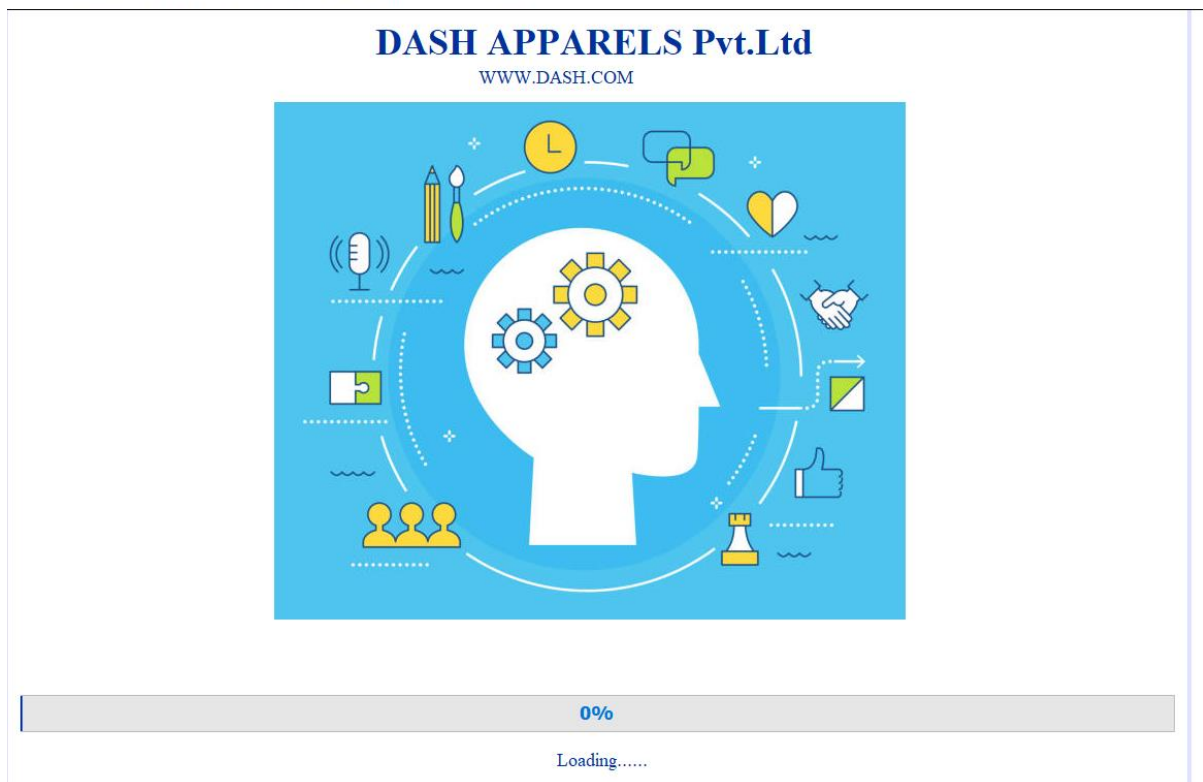

Password=345

You also can recover your password by using security question facilities.

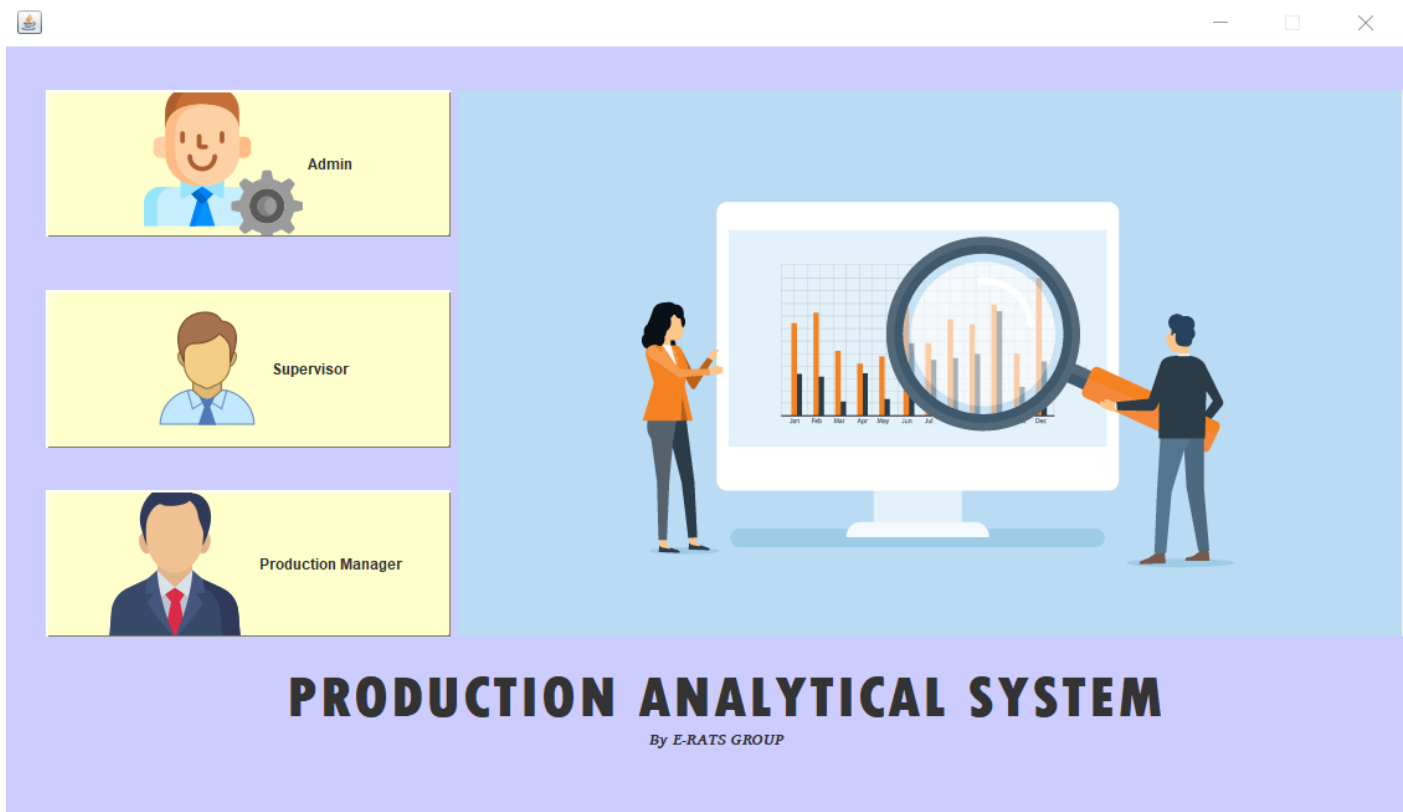

You also can create production text reports.

01)

💡 To select multiple components in an area hold Shift and drag mouse over the components.

02)

03)

The screenshot shows the login page of the system. It has a light purple background. At the top left, there is a small icon of a computer monitor and a blue circular button with a white left-pointing arrow. The login form consists of two input fields: 'User Id' and 'Password'. Below these fields are two buttons: 'Loging' (with a typo) and 'Clear'. At the bottom center, there is a red italicized link that says 'forget password'.
